**Mt Victoria Term 2 Parent and Community
Information Session**

5 May 2026

7:45pm

Agenda

- 01 Campus Strategic Plan Update
- 02 SLT Update
- 03 Campus Board Updates
- 04 New School Update

Values & Vision

Integrity - Care & Compassion
Respect - Responsibility
Commitment

A global **education ecosystem** that develops life-ready students who **learn how to learn** and achieve

Term 2 Focus Areas

Learning to Learn

L2L

- ☐ Peer Coaching Program – all 5-12 students book at least one session this term
- ☐ Students look for ways to extend their learning beyond the Assignment
- ☐ Workplace Readiness Program involves leadership visiting businesses and gaining feedback from businesses on student readiness

High Performing Team

HPT

- ☐ Staff reflect on their use of digital tools and engage in a workshop with digital lead
- ☐ Campus Principal and Assistant Campus Principal formally observe all teaching staff
- ☐ Stakeholder feedback is gained for all staff.
- ☐ Continue to prepare for new campus through design consultation

Ways of Working

WoW

- ☐ Ensure all stakeholders are following child protection expectations and legislation
- ☐ Ensure we are using data to inform next steps: attendance, academics, wellbeing

WORKPLACE READINESS

1. Business owners who have employed OSG Mt Victoria students in the past 3 years have been sent a survey.
2. Students in Years 11-12 will gain skills this term in writing CVs.
3. Mrs. Taylor and Mrs. Polster will visit businesses for observation of culture in the office, as well as any meetings that could be relevant.

What we need from you:

- ☐ Complete the survey if you receive it
- ☐ Organise a time for a visit – face to face to a premises, Zoom invite to a staff meeting, etc.

SLT Update

SLT – Archie Stewart, Melanie Pascoe, Kiara Stewart, Ryland Harris, Duke Morton & Iris Lee

Reflections from the Achievers' Forum

Key Take Aways + Making a plan

Key Take Aways

- ❖ Measure success based on effort, not just marks
- ❖ Focus on the controllables
- ❖ Time Management
- ❖ Self discipline is the underpin of education

Creating a plan

- ❖ Executing the Plan
- ❖ Daily Routine
- ❖ Yearly and 3-yearly goals
- ❖ Accountability partner
- ❖ Exercise

'Making a plan and executing it is the simplest definition of success'

Campus Board Updates

Rick Pridham - Facilities

Facilities Update

- ✓ The main building has been freshly painted over the school holidays.
- ✓ Decluttering has occurred in Science, Makerspace, and Primary LC 2 (5/6 classroom)
- ✓ We have renewed contract with new cleaners.

Transportation Update

**Gareth McKay – People and Culture, Student
Transportation**

Safer Driving

1. Avoid distractions while driving – phones, smart watches, GPS
2. Ensure students are wearing seatbelts and doors are closed before driving.
3. Do not drive when fatigued or under the influence of alcohol
4. Drive at a safe speed limit, adapting to the conditions
5. Ensure your WWCC is current

Reminders:

- ✓ All drivers must watch “Precious Cargo” and complete the acknowledgement.
 - This will be in the next newsletter

Drop Off and Pick Up

Changed Traffic Management in Morning and Afternoon from Term 1

Mornings:

- Two vans can enter the driveway and drop off students at a time.
- Ensure there is a teacher on duty before you open the van doors.
- Remember the doors must be closed at all times when the van is moving.
- Do not drive in the gate or on the driveway if there are students on the driveway
- Await the teacher's direction before you drive away to ensure safe passage of students into school gates.

Afternoons:

- Four vans can enter the driveway to pick up students.
- Ensure students have buckled their seatbelts, and the door is closed prior to driving away
- Await the teacher's direction before you drive away to ensure there are no students on the driveway.
- Wait on Montgomery until the previous vans have left the driveway – we do not want to obstruct traffic

Transport Communication

- ✓ Read communications about transportation changes and reach out if you need clarification or have feedback
- ✓ Communicate to the campus (Mrs. Katena) when there is a change to your child/ren's transportation arrangements.
 - ✓ Eg. Your child is going on a different afternoon van
- ✓ If you have any feedback on these procedures please send it to Mrs. Katena at katena.taylor@au.oneschoolglobal.com.

Emergency Use of Public Transportation

Why?

- Closure of Mt. Victoria Pass has created a risk of students in Lithgow area being unable to get home should Chifley Road close
- Historically the Great Western Highway has been problematic with the risk of snow/ice, fire, and accidents leading to significant delays or inability to get students home.
- Parent feedback has requested this allowance

Emergency Use of Public Transportation

Procedure:

1. Campus leadership will monitor road conditions.
2. A decision will be made with the Campus Principal and CA Team/Campus Board to activate the Emergency Plan.
3. Parents will be notified via Signal and email.
4. Drivers will be contacted by the Transportation Coordinators.
5. Drivers will park their vans at either the Lithgow Train Station or the Katoomba Train Station.
6. Drivers will take the next train to Mt Victoria and wait for students. Drivers will communicate with Transportation Coordinators the arrival at Mt. Victoria.
7. Transportation Coordinators will contact the school with the arrival time of the drivers.
8. Staff will walk the students to the Mt. Victoria Train Station.
9. Staff will hand over students to the drivers at Mt Victoria Station who will be responsible for care of the students usually on their bus. This will include any medication needs, and a reminder to students of safe and respectful behaviour on the public transport.
10. Campus leadership will communicate train times to parents via Signal.

Campus Board Updates

Brad Dent - WHS

Reminders

1. Child Protection is critical.
 - ✓ Always enter the campus via front office
 - ✓ Always sign-in using the iPad next to the entry door
 - ✓ Speak to staff (Mrs. Katena Taylor) for the correct lanyard
 - ✓ Volunteer by completing volunteer induction and keeping your WWCC up to date
2. Report any incidents or hazards using DoneSafe. There are QR codes on campus.

New School Update

Ron Simpson – New Build

New Campus Update

Oatlands Campus Visit

1. Student flow
2. Visual Connectivity
3. Acoustic Treatment

Key Design Innovations

Intelligent Enhancements for Multi-Use Spaces

Modular Staging: A flexible, portable stage system that maximizes the footprint of the indoor play space.
